

January 8, 2026

Dear El Rio Health on Broadway Patients,

The La Placita Parking Garage at 104 S Stone Ave has new owners, Metropolis, Starting January 2, 2026, the way you park has changed. Everyone who uses the garage must register their car with Metropolis. You can do this by scanning the QR code at the garage entrance on the first visit, or by going online at [app.metropolis.io](https://app.metropolis.io).

The garage will no longer issue tickets for Health on Broadway to validate. Instead, when you park in the La Placita garage for your appointment, Metropolis will send a QR code to your phone. El Rio will pay for up to **3 hours of parking** when you scan this QR code during your visit. To make sure you get free parking, please register with Metropolis prior to your appointment.

Thank you for your understanding as we start this new process.

Kind regards,

Health on Broadway
